RESUMÉ

TERRY SEAN CASEY
14015 Park Drive
Suite 109
Tomball, Texas 77375
(281) 351-9441

EXPERIENCE:

June 1998 –
Present

Owner, Efficasey Environmental, LLC

- ◆ Started an environmental management consulting company (Efficasey Environmental, LLC) to manage, to final resolution, the contingent environmental liabilities of NL Environmental Management Services, Inc. and NL Industries, Inc. The company's primary function is to negotiate with regulators and other responsible parties to establish final remediation requirements and to hire and oversee the various disciplines and remediation contractors necessary to execute the remediation at over 90 environmentally-distressed sites.
- ◆ The company provides general environmental consulting services to a variety of manufacturing companies. These services include permit modification and compliance, response to government inquiries, due diligence and environmental audit reviews, regulatory interpretation and environmental advocacy of company positions.

June, 1990 –
June, 1998

Director, Environmental, Health and Safety (EH&S) Affairs/ Director, Quality – NL Industries, Inc.

- ◆ Functional Director for Environmental, Health and Safety Affairs and Quality for this \$1 billion/year, worldwide producer of titanium dioxide pigments and specialty chemicals.
 - Authored and implemented progressive EH&S policies, for worldwide operations, to minimize long-term liability and compliment/support strategic business goals;
 - Provide functional leadership in the areas of EH&S and Quality for worldwide operations;
 - Obtained all necessary environmental permits for the Company's \$450 million Titanium Dioxide manufacturing facility in Louisiana including a wetlands permit for construction of a non-hazardous landfill;
 - Directed efforts to obtain ISO 9000 certification at all manufacturing sites worldwide;
 - Implemented a comprehensive "Community Outreach" program resulting in regular open houses at all U.S. facilities, improvement in community relations and significant reduction in community objections to facility operations;

- Chemical Manufacturer's Assoc. (CMA) Responsible Care Coordinator for the Company, Chairman, CMA Titanium Dioxide Panel; Executive Contact for CMA and CEFIC (European Chemical Industry Association).

December, 1989 - **Corporate Director, Environmental Affairs**

June, 1990 **Hoechst Celanese Corporation**

Somerville, New Jersey

- ♦ Functional Director of Environmental Programs for this \$6 billion/year chemical and fibers company.
- Provided functional leadership for environmental issues including the Clean Air Act, Clean Water Act, FIFRA, RCRA, SDWA, Superfund, SARA Title III, Community Outreach, CAER and Responsible Care;
- Represented Hoechst Celanese on the CMA Environmental Management Committee, the Keystone Hazardous Waste Project and the NEDA Clean Air Act Project.
- Advocated, to senior management, the need for a comprehensive release reduction program. Established the program resulting in a major resource commitment by the Corporation. The program resulted in a 30% reduction in releases to all environmental media in 1990.
- Acted as CMA Responsible Care Coordinator for the Corporation.

August, 1987 - **Corporate Manager, Environmental Affairs**

December, 1989 **Hoechst Celanese Corporation**

Somerville, New Jersey

- ♦ Responsible for corporate-wide environmental policy and program development. This included establishment of corporate direction for environmental programs, developing policies and strategies to initiate the programs and ensuring, through advocacy efforts, that the federal legislative and regulatory agendas remained consistent with the goals of the company.
- Developed a Comprehensive Environmental Strategy for Hoechst Celanese following the merger of the former American Hoechst and Celanese Corporation;
- Directed the development of the environmental element of the "Hoechst Celanese EH&S Policies" consistent with the Comprehensive Environmental Strategy;
- Developed, in conjunction with the Washington office, an advocacy strategy to ensure that federal legislative and regulatory proposals were consistent with the company's direction;
- Achieved 95% of advocacy goals relative to reauthorization of the Clean Air Act;
- Developed, in conjunction with the audit group, a mechanism to identify and address internal policy (best management practice) issues resulting in the consistent and equitable closure of dispute audit issues;

Resumé of Terry S. Casey

Page 3

- Developed and implemented a "beyond the law" compliance and public communication strategy for SARA Title III. The success of this strategy was measured by the continuing "good will" which existed between facilities and their communities.

February, 1986 - **Assistant Manager, Environmental Affairs**
August, 1987 **American Hoechst Corporation**
Somerville, New Jersey

- Provided operational support to twelve (12) American Hoechst production facilities in the United States. This included development and implementation of environmental programs to maintain and improve both environmental compliance and public perception.
- Performed environmental compliance audits.
- Was the Corporation's primary advocate on environmental regulatory and legislative issues.
- Provided regulatory interpretation and guidance on implementation to all facilities.

March, 1982 - **Environmental Specialist**
February, 1986 **American Hoechst Corporation – Bayport Works**
Houston, Texas

- Responsible for day-to-day environmental compliance at this one billion pound/year styrene monomer production facility.

January, 1981 - **Senior Environmental Scientist/Office Manager**
March, 1982 **Betz-Converse-Murdoch Environmental Engineers**
Deer Park, Texas

- Responsible for the Houston office of this environmental consulting firm. Office specialized in the development and execution of unique air sampling programs.
- Supervised eight individuals including two engineers, one chemist, one air sampling technician, two lab technicians, and two clerical staff.

December, 1979 - **Manager of Compliance Testing Programs**
January, 1981 **Texas Air Control Board – Region 7**
Houston, Texas

- Responsible for performing compliance air monitoring in the Houston Region of the Texas Air Control Board. Also performed SIP compliance investigations.

EDUCATION:

B.A., Environmental Studies
December, 1979, St. Edward's University, Austin, Texas

Have continued studies toward completion of M.S., Environmental Science, University of Houston, Clear Lake.

MISCELLANEOUS:

- Recognized as a Certified Environmental Professional by the National Association of Environmental Professionals.
- Married, two children
- 46 years old
